

THE ESSENTIAL JOBSITE MANAGEMENT STANDARD

On any active construction site, thorough documentation is your primary defense against costly dispute claims, schedule delays, liquid damages, and OSHA compliance audits. The Contractor Daily Jobsite Logbook provides project superintendents, general contractors, and construction managers with an intuitive, tamper-evident daily field record.

INSIDE THIS PROFESSIONAL FIELD LOGBOOK:

- 1. Project Directory & Emergency Contacts — Master subcontractor phone & trade index.
- 2. OSHA & Safety Inspection Summary — Direct logging of daily hazards and corrections.
- 3. 116 Daily Work Report Entries — Crew counts, equipment, schedule milestones & delays.
- 4. Project Closeout Checklist — Occupancy certificates, lien waivers, retainage & warranties.
